Hello Sarah,

Scanning document and will email it back to you.

Thank you...Best
Cynthia O.

Hi Ginny and Cynthia,

It was great seeing you both a few weeks ago. You both mentioned to me that you might be able to answer the questions for the CIP if I emailed them to you- so they are attached here. I know you're both very busy, but I want to make sure both tribes are represented in the CIP. We spoke to a member of YPT and will be speaking to a member of Walker River, so if you both participate as well, then it will be about an equal participation rate to the other stakeholders we interviewed. I'm also available to do a phone interview if you'd prefer.

Thanks in advance for your time!

Best,

Sarah
